REVELATION ROAD

Hope Beyond the Horizon

When the Thompson family finds that their world has changed for all time, the order of the day is survival. Transitioning with break-neck speed from a relatively tranquil, all-American lifestyle to convulsions all over the globe, they witness global economic meltdown, the menacing rise of Iran into a war machine, and the destruction of Damascus—all pivot points in Scripture, all predicted by the prophets.

Bestselling author Bill Salus has crafted an extraordinary novel, fast-paced and chilling...but most of all relevant. Revelation Road travels a path from relative stability in society, to that place of apocalypse that once seemed the domain of Hollywood. A companion commentary, a unique feature for a project of this scope, helps the reader see in plain detail exactly where we are headed in this groaning, dying world.

BILL SALUS is the author of *Isralestine*, *The Ancient Blueprints of the Future Middle East*. In addition to being an author, researcher, and lecturer, Bill is also the radio host of the popular *Prophecy Update Radio Program*, and is frequently interviewed on numerous notable radio programs and television shows.
